

WELCOME

to the Friar family.

Congratulations
on your acceptance to
Providence College
as a transfer student.

At PC, you'll join a community that is close and supportive — a family whose members share a tradition of excellence and a vibrant vision for the future. We're united by an intellectual and spiritual tradition thousands of years old and a PC legacy 103 years young. For more than a century, Friars have made history through our ideas, our drive, our synergy, and the unique story each student has to tell. A Providence College education opens doors to a life without limits.

We welcome you to our college community and can't wait to see you on campus.

In the meantime, this information guide will assist you in completing your enrollment plans.

Make yourself
AT HOME.

providence.edu/transfer-welcome

Enrollment and Deposit Information

You may enroll and submit your \$700 enrollment deposit by the deadline stated on your Enrollment Response Form:

Either

- Online by credit card in the Admission Status Portal at www.providence.edu/transfer-welcome.

Or

- By mail – submit your Enrollment Response Form along with a check or money order payable to Providence College postmarked no later than the deadline stated on your Enrollment Response Form.

Please note that this fee is *non-refundable* and *non-transferable*.

Deposit Deadlines

Your deposit deadline is noted on the Enrollment Response Form.

Fall: A student transferring in the fall typically has about four to five weeks after the admission decision to notify the College of the enrollment decision.

Spring: Because of time constraints, students who transfer in the spring must notify the College of their intention to enroll as soon as possible. If you anticipate that you will need additional time before making this decision, please contact the transfer counselor at 401.865.1289. Exceptions to the deposit deadline may sometimes be granted. Please keep in mind, however, that the College must prepare for your arrival; therefore, a timely notification of the decision to enroll is expected.

Cancellation

If you do not plan to attend PC, please indicate your cancellation on the Enrollment Response Form. Should you wish to cancel your enrollment after submitting your deposit, please notify the Office of Admission *in writing*. Please note that while we appreciate your courtesy, the enrollment deposit of \$700 is *non-refundable* and *non-transferable*.

Transcripts

If you have been accepted to Providence College with academic work in progress, your acceptance is conditional pending successful completion of all courses. Please arrange to have an official final transcript sent from the college or university awarding the credit directly to the Office of Admission (see address on back cover) *as soon as possible*. This transcript finalizes your admission and advanced standing.

Fall Semester Entrance

Even though you have a reasonable time frame to finalize enrollment documents, it is very important that an official final transcript be received in the Office of Admission *as soon as possible* so that we can finalize your credit evaluation.

Spring Semester Entrance

If you plan to enter PC in January, it may be difficult, due to time constraints, to obtain an official final transcript prior to the start of classes. Please arrange to have an official final transcript sent to the Office of Admission as soon as possible, as it is required and will serve to finalize your admission as well as your transfer of credit.

New Student Orientation and Registration

Upon enrollment, you will receive a packet of detailed information, including the basic components of New Student Orientation for incoming transfers.

Fall Semester Entrance

For transfer students entering the College in the fall, there are several unique Orientation components. Students will connect with an academic department representative virtually over the summer for advising, and to finalize fall course registration. They will also attend a separate in-person or virtual program to help get connected with peers and resources, and learn more about academic, student, and spiritual life at PC. Parents/guardians of transfer students will also be invited to participate in their own summer Orientation events.

Students are invited back for Fall Orientation, which takes place over the course of a weekend just before the start of the semester. This includes opportunities for new students to connect with peers, learn about campus resources, and enjoy social events. For more information regarding orientation, please visit our website: www.providence.edu/transfer-welcome.

Spring Semester Entrance

For students entering the College in the spring, we host a January Orientation program, featuring virtual and in-person workshops focused on academic and campus life, and the transfer student transition, as well as social activities to help students connect with classmates.

Academic Information

Advanced Standing

Your tentative advanced standing, as determined by the assistant to the provost, is indicated on your Enrollment Response Form.

Credit Notification

A day or two after you receive your admission notification, you will also receive an email with your transfer equivalency worksheet and degree audit with the results of your transfer credit evaluation. If you have questions regarding your degree audit, please call 401.865.2495 for an appointment with Rev. Mark Nowel, O.P., assistant to the provost. In some cases, additional information, such as a syllabus, will be requested for further evaluation.

If you have courses that require additional information for review, please submit the materials requested on your worksheet to syllabi@providence.edu so we may finalize your transfer credit evaluation.

In most cases, this evaluation confirms the advanced standing noted on your Enrollment Response Form in the invite email. The credit evaluation is used to offer you and your advisor a clear disposition of transfer credit and serves as a useful document in planning your first semester program of study.

AP Credit, IB Credit, and Credit Earned in High School

If you have taken Advanced Placement (AP) courses in high school and have earned a score of 4 or 5 on the AP examination, you may receive credit for those courses. Please complete the **College Credit Report** on our website: www.providence.edu/transfer-welcome and forward an official score report from the College Board to the Office of Admission.

Providence College recognizes credit earned through the International Baccalaureate (IB), an internationally recognized curriculum and examination program. If you have taken a Higher Level examination and earned a score of 5, 6, or 7, please complete and return the **College Credit Report** and submit official documentation of each successfully completed examination to the Office of Admission.

If you have taken college courses while in high school, please return the **College Credit Report** to us and arrange to have an official final transcript sent from the college awarding the credit to the Office of Admission for review.

Credit for dual enrollment courses is ordinarily not awarded for courses required for high school graduation, nor for courses taken in a high school setting taught by a college-approved high school faculty member. To be eligible for

dual-enrolled credit, courses must be taken on the college campus and/or taught by a college or university faculty member of record. The assistant to the provost reserves the right to determine whether courses taken from a college or university by incoming students while in high school may be accepted as transfer credits. Students who wish to obtain academic credit for dual enrollment courses should plan to meet with the assistant to the provost during their first semester at Providence College.

Change of Major

The Enrollment Response Form indicates the academic major/department to which you have been accepted. If you wish to change your major, please note that such requests are not automatically granted but rather require an additional review by the Committee on Admission. Please call the transfer counselor at 401.865.1285 to discuss your interest in exploring a new major.

Email Account

Once you enroll, you will receive an encrypted email from the Office of the Registrar to the email address that you used to apply to Providence College. The email will contain your log-in credentials which grant you access to your Providence College email account, the campus network, Sakai (web-based learning, management system) and CyberFriar (student information system). Please access your Providence College email account immediately and check it often as it will serve as the College's official means of communication with you.

Life on Campus

Residence Life

All first-year, sophomore, and junior students are required to live on campus unless they are living with their parent/legal guardian, are married, or have an exceptional circumstance. The housing commitment is for the full academic year.

Upon receipt of your enrollment deposit, you will be notified of the on-campus housing process. A Residence Life & Housing staff member will contact you via your Providence College email address to help you with the housing process. You are encouraged to contact the Office of Residence Life & Housing at 401.865.2392 with questions.

Once the enrollment process is complete, you may be asked to provide information about yourself that will be used to assist the Office of Residence Life & Housing in matching you with prospective roommates. Please note that while the information obtained is very helpful in the placement process, transfer students are assigned to a residence hall on a space-available basis.

While every effort will be made to accommodate your preferences, the Office of Residence Life & Housing reserves the right to make an alternate assignment.

Special Needs

Students with physical disabilities who will need special accommodations should complete the Request for Residential Disability Accommodation form located at providence.edu/transfer-welcome. Adapted rooms are available in both traditional residence halls as well as in the upper-class apartment complexes, allowing for on-campus residence all four years.

Academic Accommodations

Providence College is in compliance with Section 504 of the Rehabilitation Act of 1973 and Americans with Disabilities Act of 1991. If you have any documented disabilities as covered by this legislation, please advise the College in writing when you submit your enrollment deposit. For further information, contact Jonathan Gomes, associate director for tutoring and

disability services, or Molly McKeon, assistant director for disability support services, at 401.865.2494.

Commuter Life

You may have chosen to enter PC as a commuter student. Much of the spirit and sense of community found at PC comes from involvement in campus life. With more than 100 clubs and organizations, social outreach programs, and numerous athletic options, Providence College will soon become your home away from home.

Parking on Campus

Since parking on campus is limited, first-year and sophomore residents are not allowed to have cars on campus.

If you plan to commute, you will be granted a parking permit, which can be obtained from the Transportation Office during the first week of class. Permits issued in September are used for a full academic year. You will need to present your PC ID, vehicle registration, and proof of insurance.

Financial Information 2021-2022

Tuition and Fees

The following fee charges have been established for the 2021-2022 academic year.

Tuition	\$55,040
Fees.....	\$948.00
Room & Board	\$16,060
Books, Misc.	\$2,502
Total.....	\$74,550

Tuition is based on a regular course load. For more detailed breakdown of the cost of attendance, please visit our website: www.providence.edu/transfer-welcome.

Budget Your Tuition Payments

As an alternative to payment in full at the beginning of each semester, Providence College works with Nelnet Campus Commerce (formerly Tuition Management Systems), to provide optional installment payment plans for fall and spring. You may choose a 5, 4, or 3 month payment plan. All plans are term based. Tuition, room, board, and fees for the upcoming academic year may be budgeted under this plan.

For students entering the College in the fall, there is an \$70 term application fee. There are no interest charges. Information will be emailed to all students' Friar email accounts in May. For more information, you may contact the Providence College Student Accounts/Bursar's Office at 401.865.2284.

Please note that the budgeting cycle for transfer students may be slightly different due to the time of notification of enrollment.

Billing Information

Bills are published online by the Student Accounts/Bursar's Office in mid-July for the fall semester and mid-November for the spring semester.

Bill notification goes to the student's [@friars.providence.edu](mailto:friars.providence.edu) email address. Students then have the ability to set up additional users to also receive email notifications and view the bill.

Payments are due on or before Aug. 15 and Dec. 15, respectively.

Students entering the College in January can anticipate payments to be due in late January.

Financial Aid

Meeting the costs of a quality private college education is a challenge for most students and families. At Providence College, we share your concerns and hope the multifaceted financial assistance the College provides will be of help to you in formulating your college plans. The College distributes financial assistance based on a number of factors including federal policy, institutionally determined financial need, academic qualifications, and the availability of resources.

Transfer students must complete the CSS Profile Form and the Free Application for Federal Student Aid (FAFSA). For a complete listing of required forms and deadlines, please see our website: www.providence.edu/transfer-welcome.

The financial aid transfer application priority filing dates are April 15 for fall term admission and December 1 for spring term admission. Please be advised that for spring term admission,

financial aid funds are limited and may not be available. Late applications will be considered based on availability of funds at the time the application is received.

Transfer students who have complete financial aid application materials on file will generally receive notification from the Office of Financial Aid within two weeks of the admission notification of acceptance. If the Office of Financial Aid has indicated to you that a delay in your award notification is anticipated, please contact the transfer counselor at 401.865.1285 to request an extension of the deposit deadline.

Renewal of financial aid packages is not automatic. Applicants must reapply each year for all types of financial assistance by submitting the Renewal FAFSA to the Federal Student Aid Programs Center and the College Board's CSS Profile Form. The College reviews student aid awards annually and reserves the right to adjust the award, both in kind and amount, when changes occur in a student's financial or academic situation.

Regrettably, College resources are not always adequate to meet the full need of all eligible applicants. In any given class of students, it may not be possible to assist a small number of eligible students.

Key Contacts

Department Chairs and Program Directors

If you need advice or information about a specific academic program or college major, please feel free to contact the chair directly. For a complete list of email addresses and phone numbers, please visit our website: www.providence.edu/transfer-welcome.
